

#### **ACTION CORPS US**

---

We are a national volunteer-led initiative with a mission to engage people in active civic duty through education and action around difficult issues regarding resources and basic human rights. Formerly known as the "Oxfam Action Corps," we are building on a proven track record of more than 9 years lobbying Congress in DC and in our home districts, mobilizing tens of thousands of people, and holding hundreds of public events. Since 2007 in more than a dozen US cities we have mobilized the public to support US policies on aid, food, and climate that would help the world's poorest and most vulnerable to hunger and disaster.
